- Learn the unique language and terminology used in ballroom dancing
- Hone your teaching skills through homework presentations, in class and written exams
- Learn how to teach group classes and private lessons
- Participate and assist in dance classes for the general public
- Find out what the competition world is all about
- Master ethical and effective sales practices designed specifically for dance teachers
- Discover what it takes to make teaching dance a full time career (we help with job placement)

*"The course was one of the most rewarding experiences of my life." — Jaymee Racho*

*"After working in New York as an accountant for four years, I came across the BDTC website and discovered the program that would change my life. Now, two years later, I am a staff teacher at a San Francisco studio and I am loving it! The course was one of the most rewarding experiences of my life. If anyone has ever thought about becoming a dance teacher, it IS possible; and this course is the best path to achieving that goal." — Jaymee*

*"I cannot imagine a better set of teaching tools." — John C. Raby*

*"As a newer dancer of only three years and as a person of 71, I am advancing in the Teacher Training Program along with much younger students. For those who wish to be professional dance teachers and accomplished dancers, the DVIDA® manuals are a permanent record of learning and teaching every school figure and every step within. I cannot imagine a better set of teaching tools." — John C. Raby, President of USA DANCE, Spokane Chapter #1029, Spo-*

### **Diane Jarmolow, Founder**
